SLOW BUT SURE.

President-elect Cleveland Will Consult

His Democratic Friends as to
the Administration,

And Intimates That His Course Will be

Thorough, if not Very
Rapid.

Congressional Proceedings—The Leman-
Brand Election Case and Other
News of Interest.

Cleveland's Policy.

NEW YORK, Dec. 4.—A Washington
special to the evening Post says that a
prominent democratic member of con-
gress, who has recently visited Governor
Cleveland, says the latter said to him:
"I intend to resign on the sixth of Janu-
ary and as Lieut. Gov. Hill will ad-
minister the executive office for the next
year, I have turned the writing of the
message over to him. After laying down
the duties of governor I shall listen to
what ever my democratic friends have to
say. I shall divide my time between
Albany and Buffalo until the day arrives
to go to Washington. I intend to give
due consideration to the counsel of my
own party friends. It may be that when
I enter the presidential office some things
may not move as fast as some demo-
crats wish, but I think it will be well
to go slow and be sure. We cannot hope
to avoid mistakes but if we proceed slowly
we will make fewer mistakes than if
we go with a rush."

Mr. Cleveland spoke to his visitor of
the efforts of certain hotels in Washing-
ton to use him for advertising purposes
by offering him their hospitality free of
charge and emphatically declared that
he would not stop at any hotel that
sought to obtain him as a guest. The
governor accidentally alluded to the re-
port of a quarrel between him and
Governor Hendricks, saying that they
did not in their conversation discuss
politics and that two men never parted
more pleasantly. This congressman
drew from his conversation with Cleve-
land that the latter has not yet made up
his mind with regard to a single cabinet
appointment. He is deferring these
matters until he retires from the govern-
orship.

The Forty-eighth Congress.

WASHINGTON, Dec. 4.—Bills were in-
troduced and referred in the senate as
follows:

By Mitchell, granting a pension to
General Grant.

By Gibson, for the erection of a pub-
lic building at New Orleans to cost \$1,-
000,000.

Cameron, of Pennsylvania, submitted
the following, which he desired to lie
over and be printed:

WHEREAS, The shipping trade of
American vessels is depressed and the
export trade in American produce is lan-
guishing for want of a market, that could
be reached if the shipping trade was in
the hands of citizens of the United
States. Therefore, be it

Resolved, That the committee on
finance be and is hereby directed to in-
quire whether it be expedient to expend
the surplus revenues of the United States
or any portion thereof for the purpose
of reviving the shipping and export trade
by allowing a rebate from the tariff du-
ties on foreign goods imported in ships
built and owned in the United States and
by also allowing a premium on Ameri-
can grown productions and articles of
American manufacture exported in
American vessels and report by bill or
otherwise. Cameron will call up the
resolution at an early date.

THE HOUSE.

Bills were introduced and referred, as
follows:

By Dunn, to provide for an Arkansas
river commission.

By Morrison, relative to the surplus
revenue, the text of which is as follows:
"Be it enacted, that the secretary of
the treasury be and is hereby author-
ized and directed to apply the surplus
revenues, at any time in the treasury in
excess of \$100,000,000, not otherwise ap-
propriated, to a reduction of the United
States bonds, and when any of said bonds
are redeemed at the pleasure of the gov-
ernment, it shall not be lawful to apply
any portion of said surplus to the pur-
chase of bonds at a premium."

By Dickery, to repeal all laws author-
izing the appointment of United States
deputy marshals at the polls and the ap-
pointment of supervisors of elections.

By Thompson, to further secure the
government against frauds in the sale of
whiskey and the public against duplicate
warehouse receipts.

By Cox, of New York, requesting the
president to furnish information showing
the authority or law by which certain
commissioners in the navy have been given
the rank of acting rear admirals when,
as is alleged, there has been no vacan-
cies in the legal and limited number of
officers of that grade, and also what
public emergency, if any, there was to
justify such action.

A Blind Murderer.

OTTAWA, Ont., Dec. 4.—Cook Leach
has been sentenced to hang at Owen
Sound to-morrow. It is altogether un-
likely that the privy council will interfere.

The condemned man, who is totally
blind, was convicted of having murdered
his wife by poisoning, in the township
of Artemesia, a year ago. He had mar-
ried her a short time previous to her
death, getting an insurance of \$4,400 on
her life, payable to himself. In a few
weeks Mrs. Leach died in convulsions.
On the contents of her stomach being
analyzed poison was found. The evi-
dence pointed to her husband as having
given her the poison.

The Leman-Brand Case.

CHICAGO, Dec. 4.—The federal grand
jury to-day resumed its investigation of
the Leman-Brand election matter. Jos.
C. Makin, secretary of Cook county
democratic central committee, whom it
has been charged ordered and received the
fraudulent tickets found in an envel-
ope returned from the second precinct
of the eighteenth ward, was before the
jury for a few minutes and is supposed
to have denied any complicity in the
matter. The jury has not returned any
indictments.

Casualties in Murder.

LONDON, Dec. 4.—The case of Captain
Dudley and mate, of the wrecked yacht
Mignonette, who killed the boy, Parker,
to keep themselves alive and against
whom, on November 6, a special verdict
was found in accordance with the facts,
was heard to-day by the full bench of the
court of appeals. Lord Chief Justice
Coleridge, in pronouncing the decision
of the court, said that all the judges
agreed that the act of the prisoners
amounted to murder and the conviction
must be affirmed.

Regulators Halted.

MR. STREILING, Ky., Dec. 4.—Sheriff
Day has arrested seven men charged
with being members of the band of reg-
ulators who a few days ago killed J. G.
Hughes, in Rowan county. Two have
been confessed, implicating ten or twelve
others.

On Tuesday Floyd T. Oliver, drug
gist, of Farmers, Ky., was killed at
Moorehead in a difficulty with John
Martin.

The Railway War.

NEW YORK, Dec. 4.—The New York
Central railroad to-day reduced its rates
to Cleveland and Detroit to \$7. This
was done to meet the last cut made by
the West shore railroad. The managers
are in session to-day at the office of Com-
missioner Fink where the question of
percentages on freight out of Chicago is
under discussion before Judge Cooley as
arbitrator.

Fires.

BALTIMORE, Dec. 4.—Early this morn-
ing fire in the stables of Hall's Springs
Passenger Railroad company completely
destroyed the large building together
with many of the company's cars and
fifty horses. The flames started in the
hay loft and spread so rapidly that only
fifteen of the horses could be taken out.
Only one car was removed. Loss, \$20,-
000; insurance, \$10,000.

The Body Found in the Rubus.

CAMBRIDGE, Md., Dec. 4.—The house
of Caleb Hurley, in the southwestern
section of Dorchester county burned
yesterday. In the ruins was found the
body of Hurley but no part of the head
could be discovered and there is a sus-
picion of foul play. Hurley was a small
farmer and on the preceding night was
at a store in the neighborhood where he
displayed some silver coin.

Concerning an Episcopal Bishop.

BALTIMORE, Md., Dec. 4.—A majority
of the standing committee of the Protes-
tant Episcopal church of the United
States have signified their consent to
the consecration of Rev. Dr. Wm. Parot,
of Washington, recently elected bishop
of the diocese of Maryland. The conse-
cration will take place in Washington
early in January.

The Poor Crofters.

LONDON, Dec. 4.—The Skye crofters
are declaring in favor of the no rent pol-
icy. They have resolved to retain the
grazing which they took, and to ignore
the writs of the landlords. They main-
tain that the island by rights belongs to
them and they have been illegally de-
prived of their grazing land.

Will Resume.

CHICAGO, Dec. 4.—The north Chicago
rolling mills which shut down two weeks
ago will resume work next Monday and
will continue operations until February
at least. This gives employment to
3,000 men.

All Drowned.

RONDOUT, N. Y., Dec. 4.—This morn-
ing while John Tully, Anthony Brack-
ley and George Bush were hunting on
another to go on thin ice at Cross' pond,
near this city, they broke in and all were
drowned.

Ohio Cattle Dying.

DRESDEN, Ohio, Dec. 4.—J. J. In-
galls, a farmer of this county, has lost
thirteen head of cattle from a disease
supposed to be pleuro-pneumonia. The
cattle came from Chicago last spring.

A Small Defect.

VIENNA, Dec. 4.—The Austrian bud-
get for 1884 was submitted to Reichsrath
to-day. It shows a deficit of 16,000,000
florins.

Diphtheria Raging.

MONTREAL, Dec. 4.—In Parish St.

Scholastic twenty children have died
from diphtheria lately, and seventy cases
are now reported.

President Cleveland.

ALBANY, Dec. 4.—Governor Cleveland
and party, consisting of his sister, Miss
Cleveland, Private Secretary Lamont
and Mrs. Lamont, Hon. and Mrs. A.
Bleeker Banks, the Misses Banks, Miss
Van Vleeton, Hon. Hon. and Mrs. Eras-
mus Corning, Miss Schellin and Col. Wm.
R. Cassidy left here on a special train in
a private car at 11 a. m. to attend the
actor's fund benefit in New York to-
night.

A Severe Fall.

GREENFIELD MILLS, LaGrange Coun-
ty, Ind., December 1.—Sunday eve-
ning about 8:20 o'clock, as Mrs. G. C.
Ulmer started to go down stairs, she
thought she smelled fire about her
clothes, and holding the lamp down in
front of her she looked down at the
front of her dress, when somehow she
lost her balance and fell down thirteen
steps. The lamp broke and threw oil
in every direction, quite an amount
going on her clothes. Her husband,
being in an adjoining room, heard her
fall and was at the foot of the stairs
nearly as quick as she got there. The
lamp wick was still alight, being in the
debris close to Mrs. Ulmer, but was so
quickly extinguished that no harm was
done by fire. The lady received a very
ugly gash on the right cheek, under
a little to the right of the right eye,
and many other smaller cuts from
falling on the glass. She is terribly
bruised, but no limbs were broken.
The cut in her cheek is about one and
a half or two inches long and will be
some time in healing. She is not fati-
gued, and is doing well at present.

Western Crop Transportation.

TOLDO, December 3.—The Toledo
Produce exchange to-day adopted an
address to the railway managers of the
country, setting forth the fact that at
the much higher valuation of west-
ern products in the past five years,
transportation rates were based upon
the principle of what the traffic would
bear. The principle is declared to be
a fair one and sanctioned by partici-
pation in general prosperity, but the re-
lations are now so changed between
the value of western products and old
rail rates as to demand revision and re-
adjustment, even under water rates from
the lake ports to the seaboard, of six

The Hooking Valley Trouble.

COLUMBUS, December 3.—The coal
syndicate and the Hooking Valley Iron
company have information from
Strataville this evening that the strik-
ing miners held a meeting to-day, at
which it was decided that none of the
miners now idle should work for the
Columbus & Hooking Coal and Iron
company. It was also decided that if
the company wanted any striking min-
ers to guard their property at Stratavi-
ville, which is idle, it must apply to
the mayor of that town for the appoint-
ment of the same. Several strikers
are already in the employ of the com-
pany as watchmen.

Mexican Affairs.

MEXICO, December 3.—President
Diaz raised sufficient funds for the
temporary needs of the treasury and
paid the government employees in full.
He has also made arrangements with
the national bank to reduce the cus-
tom house subsidy now being paid by
the bank from six to fifteen per cent.
This will leave a greater part of the
customs of the revenue at the disposal
of the government. The American
railway subsidies, amounting to 14 per
cent. of the custom of the duties will
be maintained. The American debt,
of \$500,000, coming due this month,
will be met. President Diaz has such
assurance from the bank.

His Living "High" on \$2,000 a Year Sud-
denly Stopped.

NEW YORK, December 3.—Walter C.
Allen, for three years a confidential
clerk of Baltimore & Co., of West Four-
teenth street, was arraigned at the
Jefferson Market Police court this
afternoon on the charge of forging or-
ders on the cashier for goods he had
pretended to buy and received money
for the same. His salary was less than
\$2,000 a year, yet he kept three horses
and lived in good style. When asked
by Mr. Baltman how he could support
the elegant establishment he replied
that a wealthy and generous grand-
mother assisted him. Allen is held to
answer.

Wreck on a Curve.

PHILADELPHIA, December 3.—A fast
freight train on the Jersey Central
broke loose in three places while as-
cending a heavy grade on the North
Branch, shortly after 3 o'clock this
morning. A coal train, at full speed,
ran into the rear end of the freight
train, which stood on a curve, thus
preventing Jacob Gorgus, the engi-
neer of the coal train, from seeing it
until within a few yards. Gorgus and
his fireman jumped to the ground.
The former was severely hurt. The
fireman has several cuts and bruises.
Their engine, after striking the freight
train, leaped over the top-track and
was completely wrecked. Nothing is
left but the boiler. Twenty-one load-
ed cars were wrecked, and the track
was blocked all day.

Dr. I. M. Rosenthal was called to Van
Wert this afternoon on business.

Hon. Peter Kiser to-day again applied
for a divorce from his wife, Rebecca
Kiser. Sinclair & Hanna appear for
Uncle Peter and repeat the averments of
a former complaint. Mr. Kiser dismissed
a former application for divorce, but is
now anxious to get a separation and di-
vide his property among his heirs. He
alleges that Mrs. Kiser refuses to live
with him and display the necessary de-
gree of affection. Mr. Kiser was once a
member of the Indiana legislature and is
known all over Indiana as the possessor
of George Washington's hatchet and a
famous scrap book.

The Truth.

The following cards are clipped from
the morning Journal and explain them-
selves:

For the information of THE SENTINEL
in particular, and the public in general,
I will state that the management of the
Journal never sought the services of Mr.
F. J. Healy in an editorial and any other
capacity, and knows nothing of the resig-
nation of Mr. Cooper. We have had no
calls from any prominent attorney,
and the manner in which our neighbor
fabricates news is beyond our conception.
In fact, THE SENTINEL may be safely
credited with knowing more of the Journal's
business than the management itself.

G. W. LUST,
Manager.

A CORRECTION.

William P. Cooper, City Editor of the Journal:
MY DEAR WILL: I notice that my
name is mentioned as a possible city
editor of your paper. This statement
published in last evening's SENTINEL de-
serves no recognition. The fact is that
I have accepted a position on the Daily
Gazette. Yours, fraternally,
F. J. HEALY.

Last Tuesday George W. Shutt, the
managing editor of the Journal, ap-
proached O. L. Perry, the manager of
the Western Union telegraph office, and
inquired for Frank J. Healy, stating that
W. P. Cooper intended a determination
to resign his position as city editor the
previous evening. Mr. Shutt stated to
Mr. Perry that the management of the
Journal desired to see Mr. Healy with a
view to engaging his services. Mr.
Healy did call at the Journal office and
later said to O. L. Perry that he was
offered the city editorship of the Jour-
nal. He repeated the statement to me
in the parlors of the Avline house and
named the salary offered him. These
facts will be substantiated by O. L. Perry
and Gert Shober. I make this state-
ment to justify me in saying that the
item in last evening's SENTINEL was not
inspired by malice, but came in the
shape of news and so straight that its
truth could hardly be questioned.

known man was killed by a west-bound
Nickel Plate freight engine, near New
Haven. His body was cut into bits and
nothing discovered to identify him. Dr.
J. M. Dinnen, the coroner, held an in-
quest and will advertise the casualty
with a view to identifying the unfor-
tunate fellow. His remains were interred
in the New Haven cemetery as those of
a tramp.

The Old Liberty Bell.

PHILADELPHIA, December 3.—The
question as to whether the old liberty
bell shall be sent to the New Orleans
exposition, came up for consideration
at a meeting of the city property com-
mittee of the council this afternoon.
The communication was read from the
mayor and also a resolution from the
council, both favorable to allowing the
bell to go were read, together with
an application from the city council of
New Orleans. The committee, after
taking a tie vote, postponed the sub-
ject.

The Oklahoma Colony.

EMPORIA, Kas., December 3.—The

row under the command of Vice Presi-
dent W. L. Crouch.

amounts outstanding against the Shel-

INDIAN LANDS.
An Agent of the Interior Department look-
ing up the Matter and tedious
Attention Probable.

An agent of the interior department of
the government is at Wabash, looking
up the sums paid in taxes on the Indian
lands in that county during the past
twenty years. Together with an attor-
ney he has been making the investiga-
tion for the purpose of obtaining testi-
mony, which it is contemplated using
in a suit that will probably be brought
against Wabash county to recover some
\$25,000 taxes said to have been collected
by county treasurers during the past two
decades from the Indians. The gentle-
man asserts that the county had no
power to levy taxes on this land and the
sums which have thus been wrested from
the noble reds it is proposed to recover.
The county officers have, when asked
for their opinions regarding the prospec-
tive action, laughed at the idea. They
claim that the county has the authority
to tax the Indian land not exempt by
specific provision, and state that they
have assessed no other property. The
Me-stun-go-we-sha reserve, a large body
of land belonging to a band of Miami,
is exempt and no effort has been made
to collect taxes upon it. Not only is it
contemplated to enter suit against Wa-
bash county, but Allen, Grant, Miami
and Huntington counties will come in
for a share of the trouble as well. To
make the matter more complicated many
purchasers of tax titles to Indian land
will be drawn into litigation.

AMUSEMENTS.
Putti Road.
The cleverly conceived absurdity, "Mizpah," was seen here for the first time last night, with Miss Rosa in the title role and a strong support. The little woman is vivacious, and sings, dances and acts in a way to capture an assembly. Lester and Williams, two song and dance men, are not at home in comedy. They are old Bijou favorites and entertain. "Mizpah" serves to introduce the specialties of the jolly party. The audience at the Temple was light.

"UNDER THE GAS LIGHT."
The Spitz-Erdman company produced this play last night to an immense audience and gave the best of satisfaction. The people are quite clever and to-night the Academy will be packed, as there is up counter attraction. The prices of admission are 10, 20 and 25 cents.

"THE BEGGAR STUDENT."
At the Masonic Temple to-morrow evening the latest and best of light operas, "The Beggar Student," will be produced by the Thompson opera company. This organization, composed of thirty-five people, is meeting with great success in the larger cities, and the press is lavish in its praise. The opera had a run of over 200 nights at the Casino, New York, and as this is the first opportunity of seeing it here our music loving people will no doubt turn out in large numbers. Seats may be secured at the Masonic Temple.

NOTES.
The Spitz-Erdman Dramatic company give "East Lynne" at the Academy to-morrow and Saturday nights, with a matinee Saturday afternoon.

Mr. and Mrs. R. L. Smith entertained the Putti Rosa party after the performance last night. They used to play under Mr. Smith's management.

The Thompson Opera company will stop at the Mayer house. There are thirty-seven people in the party and they carry an orchestra of seven pieces.

That Old Tonic
Although dyspepsia has its chief seat in the stomach, yet it affects the whole digestive apparatus. The liver, pancreas and intestinal glands share in the general trouble. The whole machinery needs renovation. Brown's Iron Bitters is the article with which to do the happy work. W. H. Eckhart, of Marion, Ohio, writes: "I used Brown's Iron Bitters for indigestion with most excellent results."

We have found it to be a most excellent article in the treatment of rheumatism, lumbago, inflammatory affections, etc. The enclosed sworn statement of Hugh Harvey, 321 1st av. N. Y.
